Dear Fellow Democrat:

Like good farmers, the Penfield Democratic committee is always in need of tools, workers and fertilizer to grow a strong crop. Even if you can't attend our Spring fling, please consider the following. Contact Mel Callan (info on front).

- Share your talents in graphic design, database management, or whatever your strong suit may be
- Make calls to help get out the vote and to recruit supporters
- Host an event at your home or office for a candidate
- Assist with literature distribution, canvassing, attendance at Town Board meetings
- Donate funds or gifts in kind

If we plant our seeds for this fall's elections too late, they won't have time to bear fruit. **So please join us March 22nd for a fun way to welcome Spring while cultivating a progressive bounty this November!**

Kindest regards from the Penfield Democratic Committee
