For Penfield Town Board

I moved to Penfield 8 years ago. I found that raising three sons as a single working mom in a fast-paced city like Rochester was not the best fit for our family. Boys are impressionable and I felt a quieter, small town atmosphere would be more ideal. However, it was Penfield's school district that convinced me to make Penfield our home. I was impressed by its high test scores and athletics programs, but more importantly its program for children with special needs.
